Ah Franklin Roosevelt and Lincoln Fitzgerald, September 4, 2006

Reviewer: **Roy Wells** (San Ramon, CA - United States) - [See all my reviews](#)

REAL NAME™

Franklin Roosevelt: Born out of a need to make Ben Franklin (the only President of the United States was never President of the United States) into a still greater figure.

I eagerly anticipate the release of the John Fitzgerald Lincoln figure!

Quite the realist...., September 4, 2006

Reviewer: **ashamed "ashamed"** (CA, USA) - [See all my reviews](#)

Wow! I never knew that Benjamin Franklin and Franklin Roosevelt looked so much alike. Roosevelt really have empathized with those suffering from the depression, as he decided to wear hand me down clothes for the picture!

And we wonder why the educational system is such a joke. Kids can't read or write. It's quite obvious American History doesn't take precedent either.

Go fly a Kite!, September 3, 2006

Reviewer: **BF "BF"** (USA) - [See all my reviews](#)

How well I remember the Democratic Convention of 1932 when Franklin Roosevelt flew a kite inside Chicago Convention Center and first drew lightning to the amazement of Al Smith's supporters. The was changed forever, and, mostly, for the better. As we all know, the Electric Kite Powered Wheelch eventually became the Segway.

Historical Fiction and Fact, September 3, 2006

REAL NAME™

I can't wait until the Franklin Stove-powered wheelchair comes out so that ol' BFDR can chase the w style. I just hope that he'll exercise some caution since beer - proof that God loves us and wants us t

happy - and wheelchairs don't mix. Do you think the Eleanor action figure will look an awful lot like Dr Madison?

The only thing we have to fear is idiocy itself, September 3, 2006

Reviewer: **Poor Richard** - [See all my reviews](#)

Talk about educational value! I always thought that FDR had polio and was for the most part confined in wheelchair, and instead I find out that he could not only walk but that actually also had a secret passion for dressing in 18th century period costume. What what WHAT?!? The photo is actually of the Benjamin Franklin doll? Nevermind.

I have researched this carefully. This is actually the Cher Action Figure. She has had a lot of plastic surgery.

To be frank..., September 3, 2006

Reviewer: **Marknight "--Marknight"** (New York) - [See all my reviews](#)

Unlike these other reviewers, I was quite pleasantly surprised by the value of this product.

First off, it exemplifies revisionist history. Why not offer a toy that blurs the lines between fact and fiction? Well done. Secondly, this 'touch of fiction' allows Frank to be all things to all people: An inventor, a free press, a physically disabled leader of the people, and long haired hippy all rolled into one small plastic idol. Finally, the toy came with instructions for making a neat wood burning stove that doubles as a wheelchair and detects electricity. All you need is a key, this year's almanac, and a work program from the recession to build it. Fun for the whole family! :)

Collectibility?, September 3, 2006

Reviewer: **Zeke "Zeke"** (Zeke) - [See all my reviews](#)

Here's my question: Since they have quite a few other Presidential Action Figures, and the others all be similar to the Ben Franklin Roosevelt figure, does this mean that the mistake has gone through th manufacturing of the doll? If so, these things are probably highly collectable, as this is obviously not f Roosevelt. Has anyone seen these in store?
